Lotos Rallye 2023: An amazing self-drive jeep tour through Cambodia.

We are back again!

Due to circumstances, we were forced to cancel the 2021 and 2022 Lotos Rallye editions. But we are back again. And for sure we are!

Every year since its conception since 2013, we have strived to develop and enhance the Lotos Rallye itinerary; looking for new routes, accommodation, restaurants and experiences for our guests. For the Lotos Rallye 2022 we have travelled the extra mile and created, what we believe, is the best Lotos Rallye jeep tour ever. New roads have opened up, new places have been added and unique, new hotels have been included. For a new visitor to Cambodia, this tour will provide the most exhilarating way to experience this uniquely special country, and even those guests have been lucky enough to join in the past, will discover completely new experiences and a new side to Cambodia on this tour.

The LOTOS-RALLYE is not designed to be driven at speed, but is about experiencing the wonderful landscape of Cambodia with its cultural and historic buildings and amazingly friendly people. Tours of temples, local markets and other special places of interest are all included in this wonderful journey, but we have taken special care each day to ensure that the routing will take you on the path less travelled giving you a truly personal and unique jeep travel experience.

We make sure that there is no stress during your jeep adventure. Everything is included, hotels, meals, vintage jeep with petrol, guides, activities and even the drinks during meals.

Starting date: 7 January 2023

We drive with 2 participants in 1 jeep. The minimum participation is 6 jeeps (12 participants) and there is a maximum limit of 10 jeeps. So we drive with a small select group. Most participants have a passion for vintage cars and are adventurous. This is the perfect way to get to know Cambodia.

The organisation is in the trusted hands of André and Lily from Cambodian Travel Partner in cooperation with Gunther Frauenkron.

The closing date for registration is 25 November 2023

Cambodia

Cambodia is a kingdom in Southeast Asia. It is 181,035 square kilometres (69,898 square miles) in area, bordered by Thailand to the northwest, Laos to the northeast, Vietnam to the east, and the Gulf of Thailand to the southwest. Cambodia has a population of over 15 million. The official religion is Theravada Buddhism, practiced by approximately 95 percent of the population. The country's minority groups include Vietnamese, Chinese, Chams, and 30 hill tribes. The capital and largest city is Phnom Penh, the political, economic, and cultural centre of Cambodia. The kingdom is a constitutional monarchy with Norodom Sihamoni, a monarch chosen by the Royal Throne Council, as head of state. The head of government is Hun Sen, who is currently the longest serving non-royal leader in South East Asia and has ruled Cambodia for over 30 years. Cambodia has become a popular destination and the country is developing fast. The city of Siem Reap was about thirteen years ago a small place with dirt roads and one traffic light, nowadays is the most touristic city of the country and the historical heart of Cambodia. The temples of Angkor is about seven kilometers of the city center and there are a lot of facilities to entertain the tourists from all over the world. But Cambodia is not only Angkor Wat. This fascinating, friendly country has so much more to offer. Countryside tours, floating villages, white sand beaches, tropical islands, jungle trekking, the mighty Mekong river, bicycle tours, cooking class, waterfalls, hilltribes, and much more.

Once at the top you will also have a beautiful view over all of Battambang and enjoy a truly vast and beautiful scenery. You will end your journey before sunset by walking down the mountain steps and visiting the “bat army” – thousands of bats flying out of their caves in the mountain side at dusk. Kirirom, 'Mountain of Joy'

After resting well in these beautiful surroundings, it is time to move on again. After breakfast, we take the boat back to the mainland and get back into our jeeps. We start at the first bridge and then we have 3 more big ones to go. At one of the bridges, we see a skyline of birdhouses along the banks. What these are, we will tell you on the way. We drive through a hilly landscape and the roads are easy to drive on. Our accommodation is in Kirirom National Park and hidden between the pine trees. These trees were planted by order of King Sihanouk in the 1960s. Before we check in our accommodation for tonight, first The Coconut School is on the schedule. Not an ordinary school. The school is managed by Mr Vanday. He has an innate passion for education and a skill for innovative and creative construction. The students do not pay for anything, not even for the teachers' fees. But they are required to bring recyclables and help Mr Vanday in keeping the school intact and orderly.

Wash your face with hot spring water

Today is an exceptional day. Somewhere between Kirirom and Aural on a dirt road is a small tattoo shop. The owner is a master of the Yant tattoo. He learned this art in a pagoda in Siem Reap from a monk. To master this art takes years of study and dedication. Yant is a form of tattooing originally introduced by Khmer people of the Khmer Empire. These tattoos are believed to give magical powers such as luck, money, good health, family, protection, etc.

We continue our way and drive to the Hot Springs. What? are there hot springs in Cambodia? You would hardly believe it, but it is true. Cambodia has 1 hot spring and it is located in Kampong Speu province. Te Teuk Pus as these springs are called is located in the Aural district and the accessibility is not easy. The water temperature is 70 degrees and the people living here believe that this water brings luck and health. It is said to cure various illnesses and skin diseases.

Tonight you will stay in Farmhouse, Smiling Gecko. Located in the countryside about 65 km north of Phnom Penh, the Farmhouse Smiling Gecko is surrounded by paddy fields and rolling hills. Our boutique bungalow resort is a training hotel and part of the holistic social organization Smiling Gecko. The resort is located in the very heart of the agricultural area of the project.

📅 **DAY 10: Monday, 16 January 2023 - Kampong Chhnang**

Driving and drinking?

We can start the day's activities a little later, but then it's time to explore the region again. Of course, we will be going off the beaten track again. Sometimes it can be a very exciting challenge. One of our visit is an impressive 500 year-old Buddhist monastery.. Also we visit a local family where they grow palm trees, produce palm sugar and sell the palm juice for a living. You will see where the palm trees grow and how the farmers harvest and process the palm sap. You will have the opportunity to taste the natural palm juice that has just been extracted, straight from the palm or as palm wine. Tonight we enjoy our dinner at the Farmhouse.

Who pays the ferryman?

We leave Farmhouse and embark on a new adventure. We drive our jeeps on small roads in the province of kampong Chhnang. The dirt roads alternate with asphalt roads through a beautiful landscape with palm trees. We avoid the highway and take a ferryboat to cross the Tonle sap river. This crossing is the most beautiful ferry trip ever. You don't just sail to the other side but you sail between the islands with the hills as a background. We now enter an unknown area for tourists. First we drive through a hilly landscape and then we end up in the floodplains. This is a very extensive area where you will find many water birds and water buffalos.

DAY 12: Wednesday, 18 January 2023 - Kampong Thom -> Siem Reap

The Floating Village of Kampong Khleang.

Also today, we pass unknown temples from the pre-Angkor era. They are not on the main road and are located in small villages near a pagoda and therefore nobody knows these temples. In the afternoon you will visit one of the most impressive floating villages in Cambodia - Kampong Kleang. When we arrive at the village, we will board a boat and head out in exploration of the

floating village. At lunch time, we will take you to a stilt house in the village to share a typical Khmer lunch with very friendly locals. Next, we proceed to the Vietnamese floating village. This village is unlike the rest of Kampong Kleang. The Vietnamese Village is not composed of stilt houses. The houses there are built on floating objects that keeps them afloat on the Tonlé Sap. The village moves along the river and sometimes up to the lake depending on the season. They have a floating school, a hospital, local shops, and even a hair dresser! A spectacular sight indeed. In the late afternoon we are back in Siem Reap.

Morning with the elephants - Kulen Forest Project

In the foothills of Kulen Mountain, lies the Bos Thom Community Forest, 1100 acres of protected forest inhabited by the 14 elephants of Angkor. For 22 years, these elephants have given rides to visitors in the temples of the world heritage site. Today, they roam free in their natural habitat and are living testimony of a changing world. Learn about the elephant morning routine. Experiencing the elephants' mornings is a great way to gain a better understanding of how to care for them. At noon, retire to base camp and enjoy a traditional meal at the same time as our large residents before bidding them adieu and heading back to Siem Reap. We returned to our hotel in the midst of the afternoon. You can relax by the pool or buy some souvenirs in town. In the evening we have a farewell dinner and award ceremony in the garden of the hotel.
