A Look Back: Exploring Cambodia's Past:

In the morning, a traditional Khmer cyclo will transport you to Wat Phnom, the historic site from which Phnom Penh derives its name. This pagoda is situated atop a 35-meter-high hill, surrounded by lush trees where playful monkeys frolic in the shade. Next, you'll visit the Royal Palace, where you can marvel at the stunning ancient Khmer architecture and explore the Silver Pagoda.

We'll then change our mode of transportation and continue our way by tuktuk to the Tuol Sleng Genocide Museum, a former high school that became the most notorious prison during the Khmer Rouge regime from 1975 to 1979. This poignant visit will provide a deep understanding of Cambodia's turbulent past.

During lunch, you'll have the opportunity to reflect on the morning's experiences and discuss the profound impact of the Khmer Rouge's legacy. Afterward, you'll have three options:

1. Return to your hotel and unwind by the pool.
2. Visit Central Market, an iconic Art Deco building from 1937, where you can explore a vast indoor market offering a wide array of shops, souvenirs, clothing, jewelry, and more.
3. Explore the Killing Fields, a museum located approximately 15 kilometers outside Phnom Penh, which provides further insight into the darker chapters of Khmer history. (Optional tour: entrance fee is not included)

At 5:00 PM, everyone will be picked up from the hotel for a sunset experience at Sora Bar, located on the rooftop of the Rosewood Hotel. Enjoy a breathtaking 360-degree view of Phnom Penh while savoring a sundowner in the city's highest bar.

DAY 3: Phnom Penh - Kep

The real adventure begins

As we fire up our vintage jeep and leave the bustling streets of Phnom Penh behind, the excitement builds. The first few hours will be a thrilling ride through the city's vibrant chaos, but as we break free from the urban sprawl, the landscape transforms. The scenery unfolds into a tapestry of lush rice fields, and the closer we get to Kep, the more majestic limestone hills rise from the horizon, painting the landscape with a unique charm.

We'll venture into one of these limestone hills to explore a breathtaking cave. Its open roof allows sunlight to pour in, casting an ethereal glow that gives the cave an otherworldly dimension. From here, it's just a short drive to our final destination for the day: Kep, a seaside town once famously known as "Khmer sur mer" in the 1960s. This popular resort was nearly destroyed during the Khmer Rouge regime, but efforts are underway to restore it to its former glory. As we arrive in Kep, the blend of colonial history, natural beauty, and the sound of the waves will leave you eager for the adventures that await.

A short drive brings us to the renowned Kep Market, where the freshest seafood in Cambodia awaits. Kep is legendary for its succulent crabs, and we'll immerse ourselves in the bustling market, surrounded by the daily catch of fresh fish and crabs.

Next, we'll venture into the countryside of Kep and Kampot, where the world's best peppers are grown. We'll visit a pepper plantation to uncover the secrets of Kampot's green, red, black, and white peppers—learning why they're considered the finest globally. Lunch will be served at the picturesque Secret Lake, where you can indulge in dishes infused with the authentic flavor of Kampot peppers. Don't forget your swimwear, as the restaurant features an infinity pool overlooking the serene lake. After lunch, we'll head to the Trapeang Sangke community, where a special project is underway to restore the mangroves along the coast. We'll take a boat into the mangroves and participate in this conservation effort by planting baby mangrove trees. You'll also have the chance to explore the mangroves via a specially designed footpath, immersing yourself in this vital ecosystem.

DAY 6: Kirirom - Thma bang

From Kirirom to Areang

Leaving the refreshing landscapes of Kirirom National Park behind us, we climb back into our trusty jeeps. Today, an exhilarating journey awaits as we venture towards the majestic Cardamom Mountains, the road ahead winding gracefully through rolling hills. Our adventure will include the unique experience of fording four picturesque rivers, each presenting its own distinct charm and fantastic photo opportunities.

The initial leg of our drive will take us along the smooth expanse of the new Highway 48. However, our true exploration begins at Andeung Tuk, where we'll turn off the highway and delve deep into the heart of the Cardamom Mountains, our destination being the remote village of Chiphat. Before reaching this hidden gem, we'll enjoy a scenic river crossing by ferry boat, adding another layer to our adventure.

Historically, the terrain between Chiphat and Areang was considered impassable, defying even the efforts of motorbikes.

But recently, a new dirt road has been carved through this challenging landscape, offering an exciting and exclusive jeep trail. While reaching this area requires a bit of effort, those who are keen can seize the opportunity to trek to a hidden waterfall nestled deep within the lush jungle.

As the late afternoon sun casts long shadows, we'll arrive at the tranquil Kravanh La Vallee. Here, you'll settle into comfortable safari tents, immersing yourselves in the natural surroundings. The inviting restaurant, conveniently located beside the gently flowing river, will be the perfect place to unwind and share stories of our day's discoveries.

Awaken to the sound of nature

We're gently awakened by the sounds of the forest, with birds singing their morning songs. If you're feeling adventurous, take a stroll through the woods before we start our breakfast. This is a perfect opportunity to connect with nature and set the tone for the day.

We continue our way and drive to Tatai Waterfall. Upon arrival, be mesmerized by the waterfall's majestic two-tiered cascade. The first tier, a graceful 5 to 6 meters, gives way to the grander second tier, plunging 12 to 15 meters into crystal-clear pools. Indulge in a delightful picnic lunch amidst this serene natural sanctuary, where the gentle murmur of the falls creates a soothing ambiance. Dive into the refreshing embrace of the wide, shallow pools, perfect for a rejuvenating swim. We'll trade our jeeps for a boat, as our accommodation can only be reached by water.

Now, we find ourselves in the southern part of the Cardamom Mountains, surrounded by one of the largest rainforests adjacent to the mangrove. For the next two nights, we'll be staying in unique luxury safari tents, some of which are built on floating pontoons and others on the island. While there's no swimming pool, the river offers a stunning spot to dive in and swim. Our resort also provides kayaks, allowing you to paddle around the island and explore its serene beaut

DAY 9: Tatai - Veal Veng

Deep into the Cardamom Mountains

We wave goodbye to Canvas and Orchids and by boat we go back to the mainland. A new adventure calls us further into the Cardamom Mountains, where our jeeps feel right at home. Not long ago, this area was impenetrable for regular cars. Since 2013, we've been braving the dusty dirt roads here with our jeeps, with a 150-kilometer journey taking almost a full day – a true expedition!

Now, a brand new, smooth asphalt road winds its way from Koh Kong to Battambang. But don't let that fool you! For us, the thrill of traversing this breathtaking landscape in our jeeps remains as strong as ever. We consider this one of the absolute gems of Cambodia. And believe it or not, we've still discovered some fantastic off-road routes that make our hearts beat faster.

Especially the final leg of the journey to your accommodation is a real treat for the adventurer in us. With our vintage jeeps, we rumble along narrow dirt tracks, past sprawling plantations and through picturesque villages – an authentic experience! Our destination for tonight is a unique place, strategically built on a hilltop. Prepare yourself for a spectacular view of the surroundings, a reward after this exhilarating day

Would she be home?

Another exciting day of driving awaits you today, A mix of tarmac roads, dirt roads and, if it has been raining, also muddy roads. We drive through beautiful landscapes and hills with vast plantations of bananas, durian and mangoes. We have lunch at a small river where it is also possible to swim. Unfortunately, we are not allowed to enter Angelina Jolie's house, but a sneaky view from the fence gives us a little peek into her summer residence. We continue our journey and sometimes drive over bumpy roads alternated with good roads

In the afternoon, we'll arrive in Battambang, Cambodia's second-largest city. Nestled along the banks of the picturesque Sangker River, Battambang exudes a unique charm. The city boasts a rich and impressive history, marked by both Khmer and Thai influences. It once served as a vital trading hub and was under Thai rule, which is still evident in its architecture and cultural traditions. Our local guide will delve into the fascinating history of this city tomorrow.

At 6:30 PM, we'll pick you up and transport you to the captivating world of Phare, The Cambodian Circus. This evening performance is a unique blend of modern circus arts, high-energy music, and traditional Cambodian storytelling. The show seamlessly weaves together theater, music, dance, acrobatics, juggling, aerial acts, fire performances, and contortion, culminating in an explosion of virtuosity and sensitivity. During the hour-long spectacle, the talented Phare performers will captivate you with their emotional intensity and sheer power, leaving you spellbound.
