### INTRO

Hi,

We created the R24k Travel Manager software from the point of view of experts in the travel management industry operating in Europe and Asia. Many travel agencies have a hard time finding a suitable package in the market because of many deciding factors. And if they thought they found one with a good fit, it was not affordable. So, we built a product that is perfect for most small to medium travel agencies, tour operators and destination management companies. It is user-friendly and affordable.

The R24k Travel Manager has an easy-to-use English interface. All documents and communication with your customers can however be prepared in six languages: English, German, Dutch, Italian, French and Spanish. The software can be accessed at anytime from anywhere as long as you have a good internet connection. Each of our clients gets their own dedicated and unlimited\* server space in a datacenter as close as possible to their location.

Create quotations in no time! Store texts in the Text Manager, images in the Photo Manager, and you will be able to create your quotes quickly. The Quotation Manager gives you a complete overview of your whole program in just one screen.

Accepted quotations will be transformed into actual tours in the Booking Manager. Here you will be able to book hotels, services, transportation, etc. from one hassle free, easy to use application. Included features also include an action/to do list, invoice creator, email collector, and much more.

#### Pricing R24K software

Many vendors don't list pricing online. We are very transparent with our pricing and you will get always the full package. There is no basic, medium or enterprise package. You will get it all! No hidden cost.

You may try the full program for free for 3 months without any obligation. After that, you can decide if you want to continue with the TM software. This is a great opportunity and as a small business owner you can now have a professional and power full software without huge investments.

## Cambodia

Cambodia is a kingdom in Southeast Asia. It is 181,035 square kilometres (69,898 square miles) in area, bordered by Thailand to the northwest, Laos to the northeast, Vietnam to the east, and the Gulf of Thailand to the southwest. Cambodia has a population of over 15 million. The official religion is Theravada Buddhism, practiced by approximately 95 percent of the population. The country's minority groups include Vietnamese, Chinese, Chams, and 30 hill tribes. The capital and largest city is Phnom Penh, the political, economic, and cultural centre of Cambodia. The kingdom is a constitutional monarchy with Norodom Sihamoni, a monarch chosen by the Royal Throne Council, as head of state. The head of government is Hun Sen, who is currently the longest serving non-royal leader in South East Asia and has ruled Cambodia for over 30 years. Cambodia has become a popular destination and the country is developing fast. The city of Siem Reap was about thirteen years ago a small place with dirt roads and one traffic light, nowadays is the most touristic city of the country and the historical heart of Cambodia. The temples of Angkor is about seven kilometers of the city center and there are a lot of facilities to entertain the tourists from all over the world. But Cambodia is not only Angkor Wat. This fascinating, friendly country has so much more to offer. Countryside tours, floating villages, white sand beaches, tropical islands, jungle trekking, the mighty Mekong river, bicycle tours, cooking class, waterfalls, hilltribes, and much more.
